EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bill Schmidt on 9/2/04.

2. The application has been amended as follows:

- In claim 1, line 6, -- wherein oxidation of the nitrogen monoxide present in the exhaust gas takes place in the presence of an oxidation catalyst -- has been inserted after "the reduction catalyst".
- Claim 6 has been cancelled.
- In Claim 7, line 1 "claim 6" has been deleted and -- claim 1 -- has been inserted.
- In Claim 8, line 1 "claim 7" has been deleted and -- claim 1 -- has been inserted.
- Claim 9 has been deleted.

3. The following is an examiner's statement of reasons for allowance: Applicant's proposed amendment places the instant application in condition for allowance by overcoming the 35 USC 112 1st paragraph rejection and because the cited prior art fails to disclose a process for reducing nitrogen oxides in the absence of an electrical gas discharge, wherein the exhaust gas contains 30-70 vol. % of nitrogen dioxide before

contact with the reduction catalyst. Hammer requires a gas discharge along with a catalytic converter in order to reduce nitrogen oxides.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jonas N. Strickland whose telephone number is 571-272-1359. The examiner can normally be reached on M-TH, 7:30-5:00, off 1st Friday.
